# Revolutionary War Heritage

Fort Independence on Telegraph Hill was occupied twice during the American Revolution by squadrons of the French navy, in an effort to bolster Boston's defenses. Recent research has revealed the identity of several French soldiers who died while on duty in Hull. Please join colonial re-enactors from across the state for a colorful display of Hull's Revolutionary War heritage as we pay tribute to these men and our French allies who played such a vital role in our fight for independence. Please contact the park office for additional information. Sponsored by the Friends of the Hull Library, The Fort Revere Park and Preservation Society and The Hull Cultural Council.

**Saturday July 29 @ 10am**

Enjoy an evening of exploration and discovery as we step out of the park and walk the streets and back ways of historic Fort Revere and Hull Village. Share the stories and learn the history that made Hull such an interesting community and strategic military site. We will meet at the Fort Revere parking lot, walk a 1-2 mile loop around the village/fort and end with a sunset view from the water tower.
